

## **CLIFEDNAMIDE COMPOUNDS**

Qi, Yunci, Van Dyke-Blodgett, Joshua, Wencewicz, Timothy, Yang, Jinping Hardin, Clyde "Frank"

T-019321

Clifednamide A and C are congeners of long known ikarugamycin. Ikarugamycin has anti-inflammatory, anti-ciliate, plant modulatory and other desirable bioactivities. These clifednamide compounds may also have therapeutic, industrial or agricultural value.
