

LACTOBACILLUS REUTERI DELTAARAT

[Caparon, Michael, Cervantes-Barragan, Luisa, Colonna, Marco, Di Luccia, Blanda](#)

[Poranki, Deepika](#)

T-018589

Bacteria modified from the parental strain *Lactobacillus reuteri* 100-23 that doesn't express the enzyme aryl aminotransferase. Culture supernatants from this bacterial strain failed to stimulate AhR reporter cells.

Publication: [Lactobacillus reuteri induces gut intraepithelial CD4⁺CD8αα⁺ T cells](#)
