

## **PRRLSINPGK-GFPPPT AND FCIV PLASMIDS**

<u>Li, Mingjie</u>

Hardin, Clyde "Frank"

T-019021

pRRLsinPGK-GFPppt : Plasmid DNA directing expression of green fluorescent protein in a lentiviral shuttle vector under the control of the phosphoglycerate kinase (PGK) promoter. FCIV: Plasmid DNA directing expression of Venus (a fluorescent protein) in a lentiviral shuttle vector under the control of the ubiquitin C promoter.
