T-010940

We generated the mAb 480.1 anti – mouse DNAM-1 (mDNAM-1) or mAb 3.1 anti – mouse CD96 (mCD96) by immunizing rats with RBL cells transfected with mDNAM-1 cDNA (RBL – mDNAM-1) or mouse CD96 cDNA (RBL-mCD96) and selecting hybridomas that reacted with 293 – mDNAM-1 or 293-mCD96 transfectants but not with untransfected 293 cells.

**Publication:** [DNAM-1 promotes activation of cytotoxic lymphocytes by nonprofessional antigen-presenting cells and tumors](#)
